

iSAMS 2014 Preliminary Agenda Kamijo Auditorium

Date	Time	Status	Speaker	Affiliation	Title
1st Day of Symposium (Kamijo Auditorium)					
Oct. 3rd (Fri)	8:30-9:00		Registration		
	9:00-9:30		Opening Ceremony & AMS Awards ceremony		
			Session: Acupuncture Clinical Research		
			Chairs:		
	9:30-10:30	Keynote Speech	John Longhurst	University of California, Irvine, USA	Cardiovascular Mechanisms Underlying Acupuncture
	10:30-10:55		Hiromi Yamamoto	Kinki University, Japan	Application of acupuncture to cardiovascular disease
	10:55-11:20		Wei Zhou	University of California, Los Angeles, USA	Cardioprotection of electroacupuncture against global and regional myocardial ischemia-reperfusion injury
	11:20-11:45		Jianliang Zhang	Hong Hong Baptist University, China	Gene Networks Mediating the Central Analgesic Effects by Acupuncture
	11:45-12:45		Lunch		
			Session: Acupuncture Clinical Research		
			Chairs:		
	12:45-13:05	AMS (Young Scientist-Clinic)	Joao Eduardo De Araujo	University of Sao Paulo, Brazil	Electromyographic and strength analyses of activation patterns of the wrist flexor muscles after acupuncture
	13:05-13:30		Stephanie C. Tjen-A-Looi	University of California, Irvine, USA	Acupuncture's Actions on Hypotension: Central Mechanisms
	13:30-13:55		Jacqueline Filshie	The Royal Marsden Hospital, UK	The use of acupuncture for cancer related breathlessness'
	13:55-14:20		Satoru Yamaguchi	Saitama Medical University Hospital, Japan	Effect of Acupuncture Stimulation on Cerebral Blood Flow using Arterial Spin Labeling MRI in Patients with Migraine

Date	Time	Status	Speaker	Affiliation	Title
Oct. 3rd (Fri)	14:20-14:45	AMS (Travel Award- Clinic)	Vera Lucia Rasera Zotelli	Piracicaba Dental School University of Campinas, Brazil	Nausea control by activating a single acupuncture point during intraoral impression taking procedure
	14:45-15:10		Steven K.H. Aung	University of Alberta, Canada	Qi, Meridians and acupoints: Do they exists?
	15:10-15:25	Afternoon Tea Break			
	Session: Acupuncture Research				
	Chairs:				
	15:25-16:05	Keynote Speech	Tadashi Hisamitsu	Showa University, Japan	Effects of acupuncture and herbal medicine on the blood fluidity
	16:05-16:30		David Baxter	University of Otago, New Zealand	Laser acupuncture treatment: potential mechanisms of action
	16:30-16:55		Shintaro Ishikawa	Showa University, Japan	Efficacy of electro-acupuncture for paclitaxel-induced peripheral neuropathy in rats
	16:55-17:20	AMS (Travel Award- Basic)	Sayid Mahdi Mirghazanfari	AJA University of Medical Sciences, Iran	The effect of leech therapy on linear incisional skin wound healing in male rats
	17:20-17:45		Kenji Imai	Meiji University of Integrative Medicine, Japan	TBA
	17:45-18:10		Dominik Irnich	University of Munich, Germany	TBA
18:30-20:00	Welcom Reception (17F Showa Restaurant)				
2nd Day of Symposium					
Oct. 4th (Sat)	8:30-9:00	Registration			
	Session: Acupuncture Research				
	Chairs:				
	9:00-9:50	Keynote Speech	Thomas Lundeberg	Karolinska Institute University Hospital, Sweden	Electroacupuncture induces a release of IL-6 in the muscle and circulation – possible physiological implications

Date	Time	Status	Speaker	Affiliation	Title
Oct 4th (Sat)	9:50-10:15		Miyuki Matsumoto	Showa University, Japan	Gentle cutaneous stimulation using the M-Test for disabled people with paresis
	10:15-10:20	Break			
	10:25-10:50		Harumi Hotta	Tokyo Metropolitan Institute of Gerontology, Japan	Effect of gentle skin stimulation on bladder function
	10:50-11:15		Jiande Chen	University of Texas Medical Branch, USA	Needleless transcutaneous electroacupuncture for functional gastrointestinal diseases
	11:15-11:40		Kazushi Nishijo	Takarazuka University of Medical and Health Care, Japan	A Scientific Investigation of the Traditioal Medical Arts of Acupuncture Therap Using Biological Functions
Oct.4th (Sat)	11:40-12:05		Hitoshi Yamashita	Morinomiya University, Japan	Characteristics and implications of RCTs on acupuncture conducted in Japan: systematic reviews
	12:05-13:00	Lunch			
	Session: Acupuncture and Pain manegement				
	Chairs:				
	13:00-14:00	Keynote Speech	Robert F. Schmidt	University of Würzburg, Germany	From nociception to chronic pain
	14:00-14:25		Kazunori Itoh	Meiji Univ of Integrative Medicine, Oriental Medicine, Japan	A Review of trigger point acupuncture therapy for musculoskeletal pain
	14:25-14:50		Jianliang Zhang	Hong Hong Baptist University, China	Gene Networks Mediating the Central Analgesic Effects by Acupuncture
	14:50-15:15		Kenji Kawakita	Meiji Univ of Integrative Medicine, Oriental Medicine, Japan	Role of the polymodal receptor in physiological action of so-called sham acupuncture
	15:15-15:45	Afternoon Tea Break			

Date	Time	Status	Speaker	Affiliation	Title
Oct. 4th (Sat)	Session: Acupuncture and Pain manegement				
	Chairs:				
	15:45-16:10		Torao Ishida	Suzuka University of Medical Science, Japan	The comparative study of NIRS and Eastern medicine phenomenon in the meridian point commonly used for pain relief
Oct. 4th (Sat)	16:10-16:35		Peter A.S. Johnstone	Moffit Cancer Center, USA	Acupuncture for Cancer Symptom Control at Moffitt Cancer Center
	16:35-17:00		Karen Pilkington	University of Westminster, UK	Producing convincing evidence on acupuncture in psychiatry and pain: an analysis progress
	17:00-17:25		Caroline Smith	The University of Western Sydney, Australia	The role of acupuncture with pain management for women with period pain.
	17:25-17:50	AMS (Young Scientist-Clinic)	Dina Law	University of Otago, New Zealand	Effectiveness of laser acupuncture for musculoskeletal pain: A systematic review with meta-analysis
	19:00-21:00	Gala Dinner (Shinagawa Prince Hotel Main Tower, Sapphire22)			
3rd Day of Symposium					
Oct.5 (Sun)	8:30-9:00	Registration			
	Session: Acupuncture Research (中 枢)				
	Chairs:				
	9:00-9:50	Keynote Speech	Kjell Fuxe	Karolinska Institute, Sweden	Heteroreceptor complexes in the CNS. Focus on their role in pain modulation
	9:50-10:15	AMS (Heo-Jun)	Rongjie Zhao	Mudanjiang Medical University, China	Effect of Acupuncture at Zu-San-Li (ST36) on the Activity of the Hypothalamic-Pituitary-Adrenal Axis During Ethanol Withdrawal in Rats
	10:15-10:25	Break			
	10:25-10:50	AMS (Je-ma)	Sae Uchida	Tokyo Metropolitan Institute of Gerontology, Japan	Cholinergic vasodilative system in the cerebral cortex: effects of acupuncture and aging

Date	Time	Status	Speaker	Affiliation	Title
Oct. 5 (Sun)	10:50-11:15		Mieko Kurosawa	International University of Health and Welfare, Japan	Autonomic responses to somatic afferent stimulation
	11:15-11:40		Anna Benrick	University of Gothenburg, Sweden	Insulin sensitivity and acute regulation of metabolic pathways after a single acupuncture session- a translational study
	11:40-12:05	AMS (Young Scientist-Basic)	Jintanaporn Wattanathorn	Maharakham University, Thailand	Laser acupuncture improves memory impairment in animal model of Alzheimer's disease
	12:05-13:00	Lunch			
	Session: Pharmacopuncture (KPI)				
	Chairs:				
	13:00-14:00	Keynote Speech	Kwang-sup Soh	Seoul National University, Korea	TBA
	14:00-14:25		Hwaseung Yoo	Dunsan Korean Medical Hospital of Daejeon University, Korea	Pharmacopuncture in Cancer Care
	14:25-14:50		Sengduk Lee	Dongkuk Unniversity, Korea	Pharmacopuncture on the patients with knee osteoarthritis – Double blinded randomized controlled trial
	14:50-15:15		Sunghoon Cho	Kyunghee University, Korea	Pharmacopuncture for neuropsychiatric diseases
	15:15-15:40		Jongcheon Joo	Wonkwang University, Korea	Effect of Sasang Constitutional Pharmacopuncture in patient with chronic fatigue
15:50-16:20	Closing Ceremony
